

Supporting Publications on the Use of PROMs in Mental Health Services

á Steig, D. H., Reinholt, N., Christensen, A. B., Hvenegaard Pedersen, M., & Arnfred, S. M. (2023). Patient-reported outcome measures in depression. *Nordic Journal of Psychiatry*, 77(2), 212–219. <https://doi.org/10.1080/08039488.2022.2074136>

Azizian Kia, S., Wittkamp, L., van Lankeren, J., & Janse, P. (2025). Motives of therapists for using routine outcome monitoring (ROM) and how it is used by them in clinical practice: Two qualitative studies. *Administration and Policy in Mental Health and Mental Health Services Research*, 52(1), 159–170. <https://doi.org/10.1007/s10488-024-01374-2>

Barkham, M., & Broglia, E. (2024). Routine Outcome Monitoring (ROM) and feedback in university student counselling and mental health services: Considerations for practitioners and service leads. *Counseling & Psychotherapy Research*, 24(2), 459–471. <https://doi-org.twu.idm.oclc.org/10.1002/capr.12694>

Batty, M. J., Moldavsky, M., Foroushani, P. S., Pass, S., Marriott, M., Sayal, K., & Hollis, C. (2013). Implementing routine outcome measures in child and adolescent mental health services: From present to future practice. *Child and Adolescent Mental Health*, 18, 82–87. <https://doi.org/10.1111/j.1475-3588.2012.00658.x>

Dey, A., Lewis, Z. E., Posel, J., Pan, R. Y., & Wang, K. (2025). Quantifying care, qualifying experiences: A systematic review of measurement-based care in psychiatry from patient and provider perspectives. *BMJ Mental Health*, 28(1). <https://doi.org/10.1136/bmjment-2025-301663>

Dimitropoulos, G., Lindenbach, D., Potestio, M., Mogan, T., Richardson, A., Anderson, A., ... & Arnold, P. D. (2024). Using a rapid learning health system for stratified care in emerging adult mental health services: Protocol for the implementation of patient-reported outcome measures. *JMIR Research Protocols*, 13(1), e51667. <https://doi.org/10.2196/51667>

Edbrooke-Childs, J., Barry, D., Rodriguez, I. M., Papageorgiou, D., Wolpert, M., & Schulz, J. (2017). Patient reported outcome measures in child and adolescent mental health services: Associations between clinician demographic characteristics, attitudes and efficacy. *Child and Adolescent Mental Health*, 22, 36–41. <https://doi.org/10.1111/camh.12189>

Edbrooke-Childs, J., Wolpert, M., & Deighton, J. (2016). Using patient reported outcome measures to improve service effectiveness (UPROMISE): Training clinicians to use outcome measures in child mental health. *Administration and Policy in Mental Health and Mental Health Services Research*, 43, 302–308. <https://doi.org/10.1007/s10488-014-0600-2>

Egeter, J., Hüfner, K., Sztankay, M., Holzner, B., & Sperner-Unterweger, B. (2018). Implementation of an electronic routine outcome monitoring at an inpatient unit for psychosomatic medicine. *Journal of Psychosomatic Research*, *105*, 64–71. <https://doi.org/10.1016/j.jpsychores.2017.12.009>

Fullerton, M., Edbrooke-Childs, J., Law, D., Martin, K., Whelan, I., & Wolpert, M. (2018). Using patient-reported outcome measures to improve service effectiveness for supervisors: A mixed-methods evaluation of supervisors' attitudes and self-efficacy after training to use outcome measures in child mental health. *Child and Adolescent Mental Health*, *23*, 34–40. <https://doi.org/10.1111/camh.12206>

Gelkopf, M., Mazor, Y., & Roe, D. (2022). A systematic review of patient-reported outcome measurement (PROM) and provider assessment in mental health: Goals, implementation, setting, measurement characteristics and barriers. *International Journal for Quality in Health Care*, *34*(Suppl_1), ii13–ii27. <https://doi.org/10.1093/intqhc/mzz133>

Gleacher, A. A., Olin, S. S., Nadeem, E., Pollack, M., Ringle, V., Bickman, L., Hoagwood, K. E., & Horwitz, S. M. (2016). Implementing a measurement feedback system in community mental health clinics: A case study of multilevel barriers and facilitators. *Administration and Policy in Mental Health and Mental Health Services Research*, *43*, 426–440. <https://doi.org/10.1007/s10488-015-0642-0>

Hall, C. L., Taylor, J., Moldavsky, M., Newell, K., Kay, B., Smith, K., & Sayal, K. (2014). A qualitative process evaluation of electronic session-by-session outcome measurement in child and adolescent mental health services. *BMC Psychiatry*, *14*, 113. <https://doi.org/10.1186/1471-244X-14-113>

Herbert, L., & Hardy, S. (2019). Implementation of a mental health screening program in a pediatric tertiary care setting. *Clinical Pediatrics*, *58*(10), 1078–1084. <https://doi.org/10.1177/000992281986261>

Jones, S. M. W., Gaffney, A., & Unger, J. M. (2023). Using patient-reported outcomes in measurement-based care: perceived barriers and benefits in oncologists and mental health providers. *Journal of Public Health (09431853)*, *31*(5), 799–805. <https://doi-org.twu.idm.oclc.org/10.1007/s10389-021-01580-4>

Kjøllestad, M. K. R., Iversen, H. H., & Ellingsen-Dalskau, L. H. (2025). Concurrent use and association of patient-reported experience and outcome measures in psychiatric and substance use disorder care: A scoping review. *Frontiers in Health Services*, *5*, 1620809. <https://doi.org/10.3389/frhs.2025.1620809>

Kristensen, S., Holskov, J., Baandrup, L., Videbech, P., Bonde, M., & Mainz, J. (2022). Evaluating the implementation and use of patient-reported outcome measures in a mental health hospital in Denmark: A qualitative study. *International Journal for Quality in Health Care*, 34(Suppl 1), 10, <https://doi.org/10.1093/intqhc/mzab155>

Mellor-Clark, J., Cross, S., Macdonald, J., & Skjulsvik, T. (2016). Leading horses to water: Lessons from a decade of helping psychological therapy services use routine outcome measurement to improve practice. *Administration and Policy in Mental Health and Mental Health Services Research*, 43(3), 279–285. <https://doi.org/10.1007/s10488-014-0587-8>

Migchels, C., Zerrouk, A., Crunelle, C. L., Matthys, F., Gremeaux, L., Fernandez, K., ... & Vanderplasschen, W. (2023). Patient reported outcome and experience measures (PROMs and PREMs) in substance use disorder treatment services: A scoping review. *Drug and Alcohol Dependence*, 253, 111017. <https://doi.org/10.1016/j.drugalcdep.2023.11101>

Monroe, A. K., Jabour, S. M., Peña, S., Keruly, J. C., Moore, R. D., Chander, G., & Riekert, K. A. (2018). A qualitative study examining the benefits and challenges of incorporating patient-reported outcome substance use and mental health questionnaires into clinical practice to improve outcomes on the HIV care continuum. *BMC Health Services Research*, 18(1), 419. <https://doi.org/10.1186/s12913-018-3203-x>

Pytell, J. D., Pales, D., Simon, C., Beaudoin, J., Osman, A. M., Svoboda, E., ... & Binswanger, I. A. (2026). Systematic review of patient-reported outcome measures for opioid use disorder recovery. *Addiction*, 121(3), 488–498. <https://doi.org/10.1111/add.70212>

Roe, D., Mazor, Y., & Kelkopf, M. (2022). Patient-reported outcome measurements (PROMs) and provider assessment in mental health: A systematic review of the context of implementation. *International Journal for Quality in Health Care*, 34(Suppl 1), 12. <https://doi.org/10.1093/intqhc/mzz084>

Steinfeld, B., Franklin, A., Mercer, B., Fraynt, R., & Simon, G. (2016). Progress monitoring in an integrated health care system: Tracking behavioral health vital signs. *Administration and Policy in Mental Health and Mental Health Services Research*, 43(3), 369–378. <https://doi.org/10.1007/s10488-015-0648-7>

Van Wert, M. J., Malik, M., Memel, B., Moore, R., Buccino, D., Hackerman, F., Kumari, S., Everett, A., & Narrow, W. (2021). Provider perceived barriers and facilitators to integrating routine outcome monitoring into practice in an urban community psychiatry clinic: A mixed-methods quality improvement project. *Journal of Evaluation in Clinical Practice*, 27(4), 767–775. <https://doi-org.twu.idm.oclc.org/10.1111/jep.13457>

van Sonsbeek, M. A., Hutschemaekers, G. J., Veerman, J. W., Vermulst, A., & Tiemens, B. G. (2023). The results of clinician-focused implementation strategies on uptake and outcomes of measurement-based care (MBC) in general mental health care. *BMC Health Services Research*, 23(1), 326. <https://doi.org/10.1186/s12913-023-09343-5>

Wolpert, M., Curtis-Tyler, K., & Edbrooke-Childs, J. (2016). A qualitative exploration of patient and clinician views on patient reported outcome measures in child mental health and diabetes services. *Administration and Policy in Mental Health and Mental Health Services Research*, 43(3), 309–315. <https://doi.org/10.1007/s10488-014-0586-9>

Wray, L. O., Oslin, D. W., Leong, S. H., Pitcock, J. A., Tauriello, S., Drummond, K. L., & Ritchie, M. J. (2023). Enhancing implementation of measurement-based mental health care in primary care: A mixed-methods study. *Psychiatric Services*, 74(7), 746–755. <https://doi-org.twu.idm.oclc.org/10.1176/appi.ps.20220140>

Wray, L. O., Ritchie, M. J., Oslin, D. W., Lynde, D. W., Huddleston, J., & Henderson, K. L. (2018). Enhancing implementation of measurement-based mental health care in primary care: A mixed-methods randomized effectiveness evaluation of implementation facilitation. *BMC Health Services Research*, 18, 753. <https://doi.org/10.1186/s12913-018-3493-z>

Zhang, H., Sun, P., Wang, X., Yang, X., He, Y., Yang, T., ... & Fang, Y. (2024). Perspectives on enhanced measurement-based care among healthcare providers, adults, adolescent patients with major depressive disorder and pediatric family members: A multicenter online investigation. *Neuropsychiatric Disease and Treatment*, 20, 2405–2421. <https://doi.org/10.2147/NDT.S47648>
