Patient Partner

Brenda Jones BA, BEd

Research Staff and Trainees

Olga Slavutskiy, MSN, RN Research Assistant (2022-23)
Neelam Gill, RN MSN Student (2023-24)
Hayley Molenaar, MSN, RN Research Assistant (2025)

Partnership

Developed in partnership with researchers, clients, and practice partners from Fraser Health Authority in British Columbia, Canada, this toolkit is grounded in a systematic review identifying key barriers and facilitators to QOL use in practice.

Funders

This research is funded by Health Research British Columbia, Reach Awards.
This work was undertaken, in part, thanks to funding from the Canada Research Chairs (CRC) program supporting Dr. Sawatzky's CRC in Equitable People-Centered Health Measurement.
